They operate several community gardens with the help of many volunteers; produce then going to community food pantries. If you want to help but do it at your home, they will provide the seed, 4x4 raised garden bed with dirt. They ask that any produce you can not eat you donate to the local pantry.

They are starting another home in Janesville and are looking for sponsors for flooring, trim, cabinets etc. They are also looking for anyone with some building experience to help with construction. **As the Sunday school year concludes, the kids and teachers would like to thank you for helping support them throughout the year.**

**When we started the year, we decided that the theme would be 'Hands' and we would focus on how to make the entire world a better place by using our own two hands.**

**One of the projects that helped maintain that focus was Heifer International. The kids' goal was to buy an animal for each region.**

**Below is what they have purchased so far this year:**

- Fish: Asia**
- Rabbits: Caribbean**
- Chicks: South Asia**
- Cow: Central Africa**
- Goat: East Africa**
- Llama: South America**
- Pig: West Africa**

**If you would like to help the children continue to buy animals, their piggy bank is located on the back table.**

**Once again, thank you your support**
